Play for Hillsdale!

Neverland Virtual Reality, a "VR experience center" where kids (ages six and up) and adults can enjoy over 50+ games and experiences, recently opened on Market Street in West Chester.

We are excited to announce that for a **one week period** including over the MLK Day holiday, Neverland will donate 15% back to our school as part of a special "Spirit Night" promotion!

Take a tour of the Space Station; create art in 3D with Google Tilt Brush; slash through flying cubes along to music with Beat Saber; fly high above a city with a jet pack with Richie's Plank Experience; try out some fun kid-friendly jobs with Job Simulator; and so much more!

Please support our school by reserving a time slot in advance, and visiting Neverland over the fundraising week!
